

Free Music For All

Proposer: Adam McBride

Seconder: Ross Speer

This MCR notes:

1. That music is not free in the beer cellar
2. That music used to be free in the beer cellar
3. That there are licensing issues

This MCR believes:

1. That music is conducive good times in the beer cellar
2. That music should be available in the beer cellar
3. That music should be free to students

This MCR resolves:

1. To liaise with the JCR and enter negotiations with the College over paying for the licensing of music in the beer cellar either by the College or by joint expenditure from the JCR and MCR, so the students may play music without being charged.
